# Membership “Log-On”

Community Media Network is the place to turn for Public Access Television. This highly original form of television is actually produced by people living in neighborhoods just like yours! You don't have to be a “TV professional” or have “Hollywood connections” to make TV here—in fact, all you need is an idea for a program and some time to learn how to make it happen.

In the world of Public Access TV, you'll see sports, drama, music, comedy, public affairs and even programs about charitable organizations. The shows are as diverse as our opinions, and there's always room for more! Simply complete and return this completed form to CMN.
