**Community Media Network** is happy to provide local nonprofit organizations or community-based groups with the opportunity to share information of public interest on Public Access Television. By supplying the appropriate information in the space provided on this form in a timely fashion, your event can be seen on the Public Access Community Calendar which airs during specific hours on Comcast Channel 52 and Wide Open West Channel 18 (serving Ferndale, Pleasant Ridge, Huntington Woods, Berkley, Royal Oak, Clawson, Troy, Oakland Township, Auburn Hills, Rochester and Rochester Hills).

The information is limited to announcements of a noncommercial and nonpolitical nature. Due to the large number of announcement requests we receive, only one message per organization can be displayed at one time. The message will be aired for a period of not less than one week, and should be submitted at least two weeks in advance. When providing information, consider the most important elements: who, what, where, when, why, and a contact number.
