CMN is proud of the effort producers make in preparing new programs for playback on our Public Access channel. One proven method for improving the quality of future productions is through *feedback*. CMN staff would be happy to take the time to offer you constructive comments on your latest production. Simply submit this form along with your “Playback Request Form” and an evaluation will be made and returned to you by CMN staff. Congratulations on your completed project, and for seeking to improve your television production skills!
